

# Board Governance Training Opportunities

*Customized to fit your needs!*

Serving on a nonprofit Board of Directors can be one of the most fulfilling ways to leverage your skills and expertise towards fostering positive change within the community. Nonprofits dedicated to advancing and supporting communities encounter substantial hurdles and opportunities, necessitating the recruitment of vibrant, diverse, and capable leaders to fulfill their missions. However, board members sometimes lack the necessary tools and insights to optimize their effectiveness. **This is where AZ Impact for Good comes in.**

Our board governance training is meticulously crafted to equip individuals with the essential knowledge required before embarking on nonprofit board service; to deepen and enhance the contributions of current board members; and to offer a valuable refresher on the latest trends and best practices for board members and organizational leaders alike.

Subject matter experts deliver insights encompassing crucial aspects of nonprofit board service, including:

- Basic nonprofit board roles and responsibilities
- Understanding of the role and impact of nonprofits
- The financial, legal, and fundraising roles of nonprofit board service
- The role of the board chair, treasurer, and other key board positions and committees

Our team can also help identify and address specific needs your board may have through customized training programs.

## **Training Customized to Fit Your Needs**

Our board governance training is tailored to fit a variety of needs and designed to meet individuals where they are in their nonprofit board service experience.

- **Nonprofit Boards** – We can provide custom training for nonprofit boards to strengthen your board's governance acumen. This is a terrific opportunity to:
  - Support new board members in their role;
  - Provide a refresher to existing board members; and/or
  - Deepen the knowledge of all board members in the areas of financial, legal, fundraising, and other key areas.
- **Employees at Businesses/Corporations** – Does your business support opportunities for your employees to serve their community through nonprofit board service? Or do you desire to do so in the future? One of the best things you can do to ensure employees are prepared for this significant role is to provide nonprofit board governance training.
  - We can train your group of employees on the basics of nonprofit board service and

build upon the foundational training with deeper dives in a variety of areas. This helps prepare the employees for board service and ensures those already serving understand the important aspects of nonprofit board service.

- These sessions can be tailored to include information about the organization’s volunteer or board service goals and objectives.
- Training employees on board service offers multiple benefits: it equips them with essential knowledge about nonprofit board roles, fosters leadership development, and enhances community engagement, benefiting both the company’s brand and nonprofit organizations in Arizona.
- **Individuals** – AZIFG offers board training that is open to anyone several times a year on a variety of topics, both virtually and in-person. These options can be viewed on our events calendar on our website.

### Training Format & Location

All our training can be provided in person or via Zoom, providing flexibility and accessibility for all attendees.

- AZIFG has conference rooms available in Central Phoenix.
